Product Summary

The Clear Tape Hanger pack contains 10 x 2m strong clear tape hangers. These hangers are only 6mm wide so quite unobtrusive and the most cost effective of all our systems. The flat tape offers advantages over the other plastic hangers. It's wide area of grip means the hook won't slip. The flat tape ensures that the hook always points outward ready to accept the picture. These hangers are inserted into the track from the front at any point.

Weight bearing capacity: 7kg per hanger
