# Slimline Hooks

Mini Hooks: These hooks fit both the Clear Tape Hangers and the Stainless Cable Hangers.

Recommended weight: 7kg off each hook with Clear Tape and 14kg with Stainless Steel hangers.

Directions:
Slack off the screw and feed the end of the clear tape (or Stainless cable) through the hook body. Slide to the required position and tighten with the key provided.
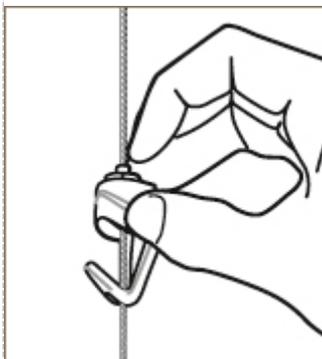

Slimline Push-Button Hooks: These hooks fit the Stainless Steel Hangers.

Recommended weight: 14kg off each hook.

Directions:

Fit the stainless steel cable into the top of

the hook, pressing down as shown. While

the button is down the hook will move

freely on the cable. The hook grips when

the button is released.

Foam Sticker Pads:

Stick one of these adhesive foam pads near the lower corners at the back of each frame.They help stabilise the frames and keep them straight.
